## Program / Speaker

**Program:**— Larry Caplan introduced our speaker, Cliff McCool, with the Barrett-Jackson Auction Company. The club asked Cliff many questions about his experiences with B/J and we learned a lot of new facts! As of Jan 18, 2018, Cliff got the permit he has been needing and is now ready to pour cement later this month. Cliff has been with B/J for 11 years. His job is to move the cars onto the red auction block, open the hoods, then move off. Average time car is on the block is 90 seconds to 2 minutes! Over 1800 hoods are lifted each year. Auctions are held in Scottsdale, Palm Beach, Connecticut, and Las Vegas. Coming soon Texas may be added this year. Average price on cars is \$18,000-\$30,000. Popular sale items recently are the Resto-Rods. To put a car into auction, seller puts up \$500-\$600. Buyers (bidders) must bring with them either a letter from the bank verifying funds or they bring a suitcase of cash. Bidders pay an admission price of \$550.

Cliff has no other side job to this. He has always loved cars. All cars up to auction are inspected by B/J. Four B/J experts go over the cars on a rack and check they are according to a "description" provided by sellers. Cliff still warns to buyers to beware. Check these cars "on-line" and talk to the sellers before the auction. Buyers also need to set a limit for themselves. There are 3 types of buyers: First time buyers, Collectors, and Dealers.

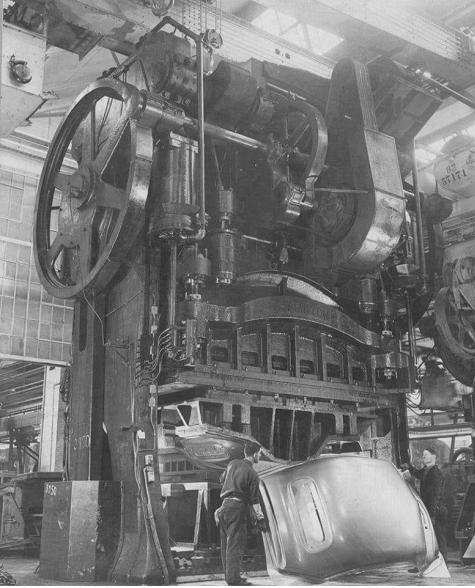

The highest bid in B/J history is \$2.5 million for car purchased by Rick Hendricks. Cliff describes the auctions as a lot of fun. Of the 5,000 bidders on floor, it only takes two bidders interested in same car to make a bidding war. He says it is a good way to sell and he will continue with B/J as long as he can.

We thank you Cliff for sharing with us your love of cars!  
Everyone was very interested in your presentation tonight.

## *And now for some "Pressing" News*

# Speaker

Jim Kelley is going to take advantage of living in those good old days. He plans to tell about the cars that passed through his life starting in 1926. Yes: that right 93 years ago, starting with the model T ( the Tin Lizzy). Liquids for you cars were bought at the Hardware store. You would know it as paint thinner today. No Paved Streets, no radios, no TV, no phone, no refrigerators, NO SOCIAL SECURITY TAKEN OUT OF YOUR PAY CHECK, homeless people had character and were called Hobos. They had to work for their free meals.

What did we do for entertainment , well to start I am one of seven children.....

## *Tours*

V8 TOUR COMING UP IN MARCH -

Join us for a fun trip to the **Justice Bros Racing Museum**. We are hoping to get a guided tour by Ed Justice himself on a Friday morning. Date is still to be confirmed. After a good look at the collection, we will travel to a local eatery for lunch.

The Justice Brothers Racing Museum in Duarte, California is a terrific place to see the evolution of motor sports. Founded in 1985, the Museum has a wide variety of vintage circle track racecars, ice racing motorcycles, street rods, restored classics, Indy cars from past and present (including two from the Sylvester Stallone movie Driven), dragsters, midgets, a stadium truck, historic engines, model cars, antique gas pumps and even a Pitts acrobatic biplane hanging from the ceiling!

Please let Ken Sapper know if you are interested in coming. Call him at 818-326-1286 and get on the sign-up list!!
