Cars 'n Coronavirus

I must be honest, I'm not thrilled to be writing this. Times could be better; we could be better. But, life does go on, and if we don't make the best of what we have, we miss out.

When everything first "went south" back around March it seemed like there was absolutely nothing to do. We couldn't safely gather with our friends (car guys or otherwise), we couldn't eat at restaurants, we couldn't really do much. As time went by and we learned more about the situation, we found that if we took certain precautions we could gather in limited groups, keep our distance from each other and actually have some good times. I have been very glad to see most of the car guys I know "adjust" to the situation so we could get back together.

At first (back in March and April) everyone was so nervous and scared that almost nothing was happening. Now, I think we have made some "adjustments" and found that if we are smart and careful, life can go on. I am really happy to see a lot of my "car guy" friends back at Earl's, Bob's, the Sunday gathering at Shirley Ave and Plummer (behind the bank) and some other places.

Let's continue to be careful and hopefully the virus situation will improve and we can have more and bigger events. Please take a look at the pictures to see what has been going on lately.

Attached are some pictures from various local venues.

Thanks Howard

From The President

Hello Every one,

I have had some thoughts about meeting at Rosies next week for a meeting on there patio is probably not a good Idea. I keep hearing more and more news of more Covid-19 cases showing up. I am thinking the Zoom meeting is still the best thing and safe thing to do. Hopefully next year will be better to plan a real meeting.

As far as my old car projects, I'm still working on my brothers 56 Studebaker Golden Hawk which I have finally driven to Bobs Friday night cruise night. I just purchased my brothers 1958 Studebaker President Starlight Hardtop (only 1040 made), I now have my own 3 car fleet (55 Dodge, 48 Plymouth and now a 58 Studebaker President). I have got the Carb out for rebuild and bought a new Battery. If all goes well I hope to get it running in about a week or so. Then work on the brakes and get the gas tank cleaned. I just sent off the fuel tank sending unit for repair for my brothers 1956 Packard 400 and we have located a replacement fuel tank for it as well. Soon will have all the cars in the Baily Brothers old Car Fleet running and driving!

On a tech note I found a great article on Swaging wheel studs. Here is the web page:
<http://www.fordgarage.com/page/swaging.htm>

I am hoping to put together a driving tour towards the middle of the month. There was a series of Sunday Drives in the current Auto Club Westways magazine, I'm considering doing the Malibu drive, we will send a email out regarding the date. So I hope all is well with everyone and maybe soon we can have a real meeting.

Prez Ernie

FROM THE EDITORS DESK

SO.....

As I compose this Nov. Newsletter, I noticed that the coming 2021, this club will be 50 years old

WOW. That is a lot of history. I... Would like to know more about that history.

What I would like to see, & what I'm asking is for YOU folks, Write a short story, nothing much, just a memory. Good, Bad, Anything, How did you join? Who do you remember? Really, anything, Something...

Lets share, what does this club mean.... Also, Send Me a pic of yourself with / without your ride...

Now, depending on the way we come out of this "Cluster *@#\$\$", the posponed Xmas brunch, will most likely happen in 2021, & I'm thinking that it be a celebration of the 50...

Happy Tday...

Be Well, Ride Well

Rob / DLE
